Stand March 2022

simple – modern – elegant
FLATline

2022

simple - modern - elegant FLATline

FlatLine

simple, modern, elegant FLATline

The elegant FLATline signs consisting of a stainless steel cassette and a custom-fit and anti-reflective acrylic sheet with a thickness of 4 mm. They are the perfect solution for indoor signage without visible fixings.

The stainless steel cassette can also be used excellently as a flush-mounted sign by embending the cassette into the wall.

*The insert can be removed from the cassette by using a suction cup.
The suction cup is available separately from us.*

FLATline is available in 5 variants:

Wall sign screwed

- Stainless steel cassette with countersunk holes to compensate for the screw head.
- Depending on the size of the insert, there can be up to 9 holes in the cassette.
- **Acrylic sheets in special formats have a thickness of 6 mm and are not anti-reflective!

insert formats*

- 103 × 103 mm
- 148 × 73 mm
- 210 × 103 mm
- 148 × 148 mm
- 211 × 149 mm (DIN-A5)
- 298 × 149 mm
- 298 × 211 mm (DIN-A4)
- 421 × 298 mm (DIN-A3 landscape)
- 298 × 421 mm (DIN-A3 portrait)

special insert formats* **

- 421 × 595 mm (DIN-A2)
- 595 × 842 mm (DIN-A1)
- 601 × 211 mm
- 801 × 211 mm
- 1001 × 211 mm
- 1201 × 211 mm

Wall sign glued

- Available in the same formats as the screwed ones.
- Signs, but without indentation for flat bonding.

Flag sign

- double-sided stainless steel sign as a flag sign for wall mounting

insert formats

- 150 × 150 mm
- 212 × 150 mm (DIN-A5 landscape)
- 299 × 150 mm
- 299 × 212 mm (DIN-A4 landscape)

Table display

- Stainless steel sign with curved black acrylic base

insert formats

- 150 × 75 mm
- 299 × 150 mm

Hanging sign

- Elegant double-sided stainless steel sign with 2 acrylic signs, intended for mounting as a suspended sign.
- Also included are 2 × 1 m long wire ropes and 2 × stainless steel fixings from the citINOX range "Marseille" for ceiling mounting.

insert formats

- 299 × 150 mm
- 600 × 150 mm

** the external formats of all wall signs are 1 mm larger than the insert format
Example: insert format: 103 × 103 mm – external format 105 × 105 mm*
